LITERATURE ON THE NATURAL HISTORY OF THE ARCTIC REGION
WITH SPECIAL REFERENCE TO ALASKA AND CANADA

Prepared by Hartley H. T. Jackson, Emma M. Charters, and Allen J. Duvall, of the Branch of Wildlife Research, and Samuel F. Hildebrand, of the Branch of Fishery Biology.

The citations to the literature on the natural history of the Arctic region contained herein were compiled originally for use of the Army Air Forces Library. Frequent requests for such information also come from the Navy Department and other government agencies, and from many workers about to be detailed to Arctic regions. The list contains what are judged to be the more important publications on this subject. Much information also can be found in general natural histories not listed herein. The list does not include botanical publications, and relates more specifically to the vertebrates.

ADAMS, E.

1878. Notes on the birds of Michelaski (Saint Michaels), Norton Sound.
Ibis (ser. 4) 2: 420-442.

ALLEN, J. A.

1901. The musk-oxen of Arctic America and Greenland. Amer. Mus.
Nat. Hist. Bull. 14: 69-86, March 30.
- 1903a. Report on the mammals collected in northeastern Siberia by the
Jesup North Pacific Expedition, with itinerary and field notes
by N. G. Buxton. Amer. Mus. Nat. Hist. Bull. 19: 101-184.
- 1903b. Mammals collected in Alaska and northwestern British Columbia
by the Andrew J. Stone Expedition of 1902. Amer. Mus.
Nat. Hist. Bull. 19: 521-567.

- 1905a. The Andrew J. Stone explorations in Arctic and sub-Arctic America. Large 40. 38 pp. with 55 text and plate figures. Amer. Mus. Nat. Hist. New York.
- 1905b. Report on the birds collected in northeastern Siberia by the Jesup North Pacific Expedition, with field notes by the collector. Amer. Mus. Nat. Hist. Bull. 21: 219-257.
1913. Ontogenetic and other variations in the musk-oxen, with a systematic review of the musk-ox group, recent and extinct. Amer. Mus. Nat. Hist. Mem. (n.s.) 1 (pt. 4): 101-226, illus.

ANDERSON, RUDOLPH M.
